

The image shows a vertical grid structure. The top portion is a header with an orange background and a grid of small, illegible text. The bottom portion is a larger grid with a light green background, also containing illegible text. The grid is oriented vertically on the page.

A vertical grid of graph paper, oriented vertically. The grid consists of small squares. A thick red horizontal line is drawn across the grid, approximately one-third of the way down from the top. The grid is contained within a thin black border.

The image shows a vertical sheet of graph paper. The grid consists of small squares. The rightmost column of the grid is shaded in a light green color, serving as a margin. The rest of the grid is white with black grid lines. The grid is oriented vertically on the page.

The image shows a vertical sheet of graph paper. The grid consists of 20 columns and 30 rows of small squares. A solid green vertical bar runs along the right edge of the grid, serving as a margin. The grid is otherwise empty.

The image shows a vertical sheet of graph paper. At the top, there is a solid green horizontal bar. Below this bar is a grid of small squares. The grid is approximately 20 squares wide and 40 squares high. The grid is mostly empty, with a few faint, illegible markings scattered throughout. The overall appearance is that of a blank sheet of graph paper with a green header.

The image shows a vertical grid of small squares, resembling a calendar or a data table. The grid is oriented vertically and consists of many small, uniform squares arranged in a regular pattern. The background of the grid is a light green color, and the grid lines are dark. The grid is enclosed in a thin black border. The overall appearance is that of a standard grid used for scheduling or data entry.

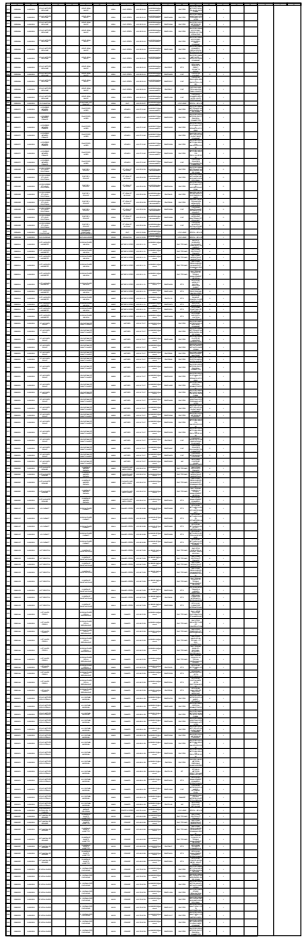

The image shows a vertical sheet of graph paper. At the top, there is a solid green horizontal bar. Below this bar is a grid of small squares, typical of graph paper. The grid is oriented vertically, with the top edge of the grid aligned with the bottom edge of the green bar. The grid consists of approximately 20 columns and 100 rows of small squares. The lines are thin and black, creating a uniform pattern of squares. The entire grid is contained within a thin black border.

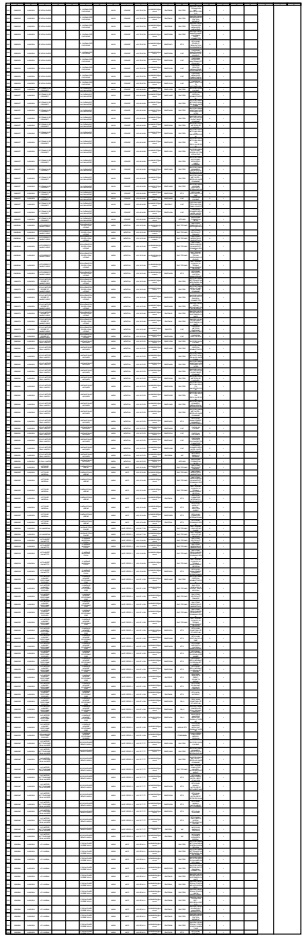

The image shows a vertical sheet of graph paper. The grid consists of small squares. On the right side of the grid, there is a vertical strip that is shaded in a light green color, serving as a margin. The grid is otherwise empty, with no text or markings.

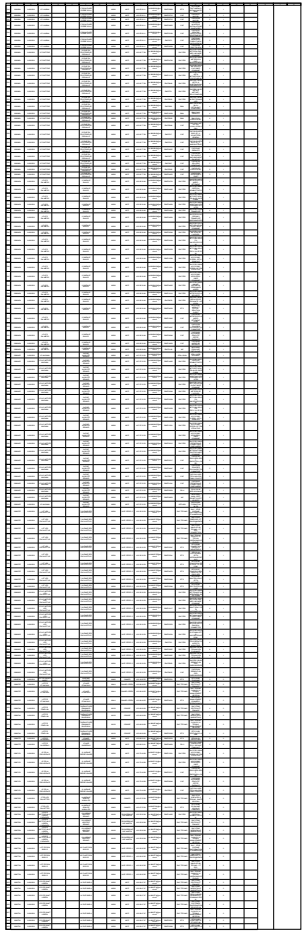

The image shows a vertical grid of small squares, resembling a calendar or a data table. The grid is composed of many small squares arranged in a regular pattern. The background of the grid is a light green color, and the grid lines are a darker green. The grid is oriented vertically, with the top of the grid at the top of the image. The grid is approximately 100 squares wide and 100 squares high. The grid is located in the top-left corner of the image.

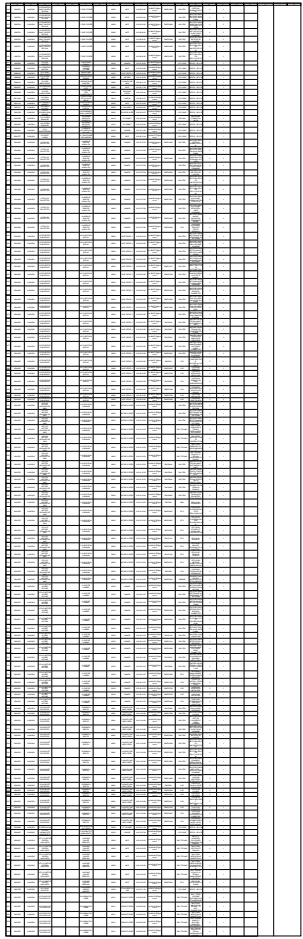

The image shows a vertical sheet of graph paper. The grid consists of small squares. On the right side of the grid, there is a vertical strip that is shaded in a light green color, serving as a margin. The grid is otherwise empty of any text or markings.
